Test Notebook

This notebook is used for testing and experimentation with the MNIST dataset.

Dependencies

Import required libraries and modules

In [1]:

```python
import sys
import os

# Add project root to Python path
current_dir = os.getcwd()
project_root = os.path.dirname(current_dir)
sys.path.append(project_root)

import numpy as np
import matplotlib.pyplot as plt
import seaborn as sns
import pandas as pd
```

Reference to Main Notebook

This notebook is referenced in `MNIST_introduction_and_visualisation.py` for testing purposes.
